The best wood, without trees

An acoustic guitar with a light wood finish and a dark pickguard is leaning against a large tree trunk covered in vibrant green moss. The scene is set in a lush forest with sunlight filtering through the trees. In the foreground, a large, textured mushroom sits on the forest floor. The overall mood is serene and natural.

Performance and durability

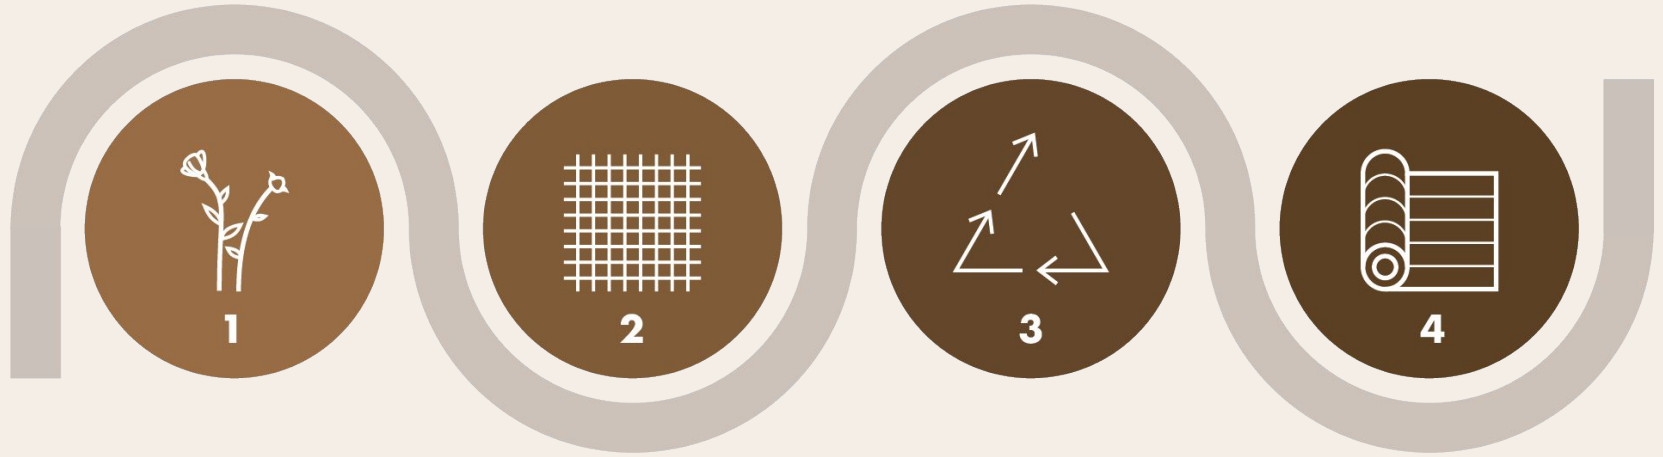

Made of flax

1 ton fiber  
sequesters  
1.4 ton CO<sub>2</sub>

\* from farm to fiber exit gate

Crops → Fiber + Bioresin = Eko<sup>®</sup>

The image features two overlapping wooden planks. The plank in the foreground is a darker, rich brown color, while the one behind it is a lighter, natural wood tone. The wood grain is clearly visible on both. The text 'Hidden translucency' is centered over the darker plank in a white, sans-serif font.

Hidden translucency

One platform, many choices

A person wearing a dark jacket and a hat, with a backpack, stands in a field of tall, golden-brown grasses. They are looking out over a calm lake towards a range of mountains under a clear blue sky. The scene is bathed in the warm, golden light of a sunset or sunrise. The text "Calming natural fiber finish" is overlaid in white at the bottom of the image.

Calming natural fiber finish

CERTIFIED  
CLEAN AIR GOLD
